

## Hospitality Logistics Management

### Process Driven Results, Expectations Exceeded

**AW2 Logistics is your single point of contact for all things related to Hospitality Logistics and is able to handle all of your specialty items from vendor to site, including: shipping, warehousing, project management, furniture assembly, and final installation.**

**AW2 Logistics organizes all activities on-site, from deliveries to finalizing the set of the room. By working closely with the General Contractor, Procurement, and Design/Owner teams, we are able to maintain the timelines and budgets your commercial installation project requires.**

AW2's Hospitality Logistics Solution addresses three main components – Warehousing, Installation and Freight.

Warehouse and distribution strategies often involve temporary, seasonal or long-term warehousing, or can require a partner to help manage supply chains. AW2 Logistics employs a unique combination of warehousing & distribution solutions that employ dependable resources, to fulfill your receiving, staging and delivery requirements. We can quickly get you in and out of markets without long-term commitments and unnecessary capital commitments. Using AW2 Logistics for your short-term or seasonal warehousing gives you the flexibility to adapt the amount of products being warehoused and helps you gain control over your costs and changing market conditions.

AW2 Logistics has handled hundreds of projects ranging from boutique hotels to some of the largest brand names in the industry. Our professional installation teams have nationwide experience with a very particular skill-set in Las Vegas, Nevada.

We fully understand that the furniture, fixtures, and equipment are extremely important when guests are gauging their overall satisfaction of the hotel property and their stay. AW2's Hospitality Logistics Solution ensures that all carefully chosen assets will be shipped, handled, delivered, and installed with the upmost care and professionalism in mind.

AW2 Logistics is a division of Ace Worldwide Group of Companies, with company-owned facilities in 9 strategic domestic markets and access to 400 + additional distribution/last mile points both globally and across the U.S. Whether it's FTL, LTL, cross-border, dray, reefer, courier, or intermodal, AW2 Logistics has the network of over-the-road partners to ensure your freight is taken care of from the factory, to and from the port, and to its final destination. We have the nationwide resources, team, and experience to handle your freight requirements across multiple modes of transportation.

AW2 Logistics works best handling the full scope of your project and we have developed a proven process that guarantees success on time and on budget.
