

Commercial Warehousing & Storage in Las Vegas

AW2 Logistics, a division of Ace Worldwide Group of Companies, has a 200,000 sq. ft. warehouse facility in Las Vegas. We are further supported by 475 domestic Atlas Van Line sister agents and 140 Canadian agents.

Detail-Oriented Supply Chain Management Team

Our team of detail-oriented supply chain management experts work hard to ensure your goods are handled with care. The efficiency of the entire shipping and freight logistics depends on a warehouse being managed and operated correctly. Our team expertly manages your inventory, tracking where your goods are and where they need to go.

Class A Warehousing

- Exceeds safety and sanitation standards
- Class A Food Grade Warehouse facilities
- WMS, our leading edge inventory management system, improves the productivity and efficiency of all available resources. It lets us automate all warehousing activities such as receiving, putaway, picking, replenishment, pack, loading, dispatching, counting and billing.
- Safe, secure and cost-effective

We handle distribution for virtually any type of product. Whether you're shipping dog biscuits or bicycles, we can store, distribute, ship, and handle the logistics completely, from start to finish.
